4 TRACKS over 2 DAYS!

**Advanced Topics • MX Integration
 Empowered Programming • CF Bootcamp**

"Michael, I wanted to drop you a note and say thanks for the CFUN-02 conference. I have been to many conferences in my 21 years of professional programming, and this by far was the best conference I have ever attended. The information provided by each and every presenter was top notch. I can't wait for CFUN-03 and if pre-registration were available today, I would sign up today! This conference is an incredible value and to me was worth many times the price. Take care and thanks again for all the great speakers!"
 -Joe Hayes
